3. Network Expansion

Newly reporting portfolio branches are identified by snapshot comparison; this does not establish their opening dates.

Country	Previous branches	Current branches	Newly reporting portfolio branches
Uganda	97	99	Manafwa; Kakumiro
Kenya	64	66	Iten; Malaba
Tanzania	Unavailable	24	Unavailable
Zambia	23	25	Chingola ; Kansenshi

4. Dropout Rate

Unavailable: the source dropout rows contain zeros and the business denominator has not been verified. Zero is not reported as a confirmed dropout rate.

Country	Previous dropout	Current dropout	Change (pp)
Uganda	Unavailable	Unavailable	Unavailable
Kenya	Unavailable	Unavailable	Unavailable
Tanzania	Unavailable	Unavailable	Unavailable
Zambia	Unavailable	Unavailable	Unavailable

5. Suggested Management Action Tracker

These are suggestions for review, not assigned tasks or approved targets.

Priority	Action	Suggested owner	Timeline	Success measure
Uganda	Review the largest PAR amount contributors: Bundibugyo, Kumi, Kyengera, Buwama, Nateete	Country / Operations / Risk	Suggested: monthly	Track reduction in PAR amount
Kenya	Review the largest PAR amount contributors: Githurai, Kiambu, Kasarani, Limuru, Eastleigh	Country / Operations / Risk	Suggested: monthly	Track reduction in PAR amount
Tanzania	Review the largest PAR amount contributors: Sinza 2, Makumbusho 2, Temeke 2, Makumbusho 1 , Sinza 1	Country / Operations / Risk	Suggested: monthly	Track reduction in PAR amount
Zambia	Review the largest PAR amount contributors: Olympia, Kabanana, Matero, Mandevu, Sos	Country / Operations / Risk	Suggested: monthly	Track reduction in PAR amount

6. Conclusion for Management

Review country-level portfolio and branch risk exposure together. Comparisons are provided only where both monthly snapshots reconcile. Resolve the availability notes before relying on missing group totals or trend measures.

Sources and availability

MfCentralOutstandingReport: Exact month-end TillDate; positive PrincipalOSTotal defines portfolio branches. TotalBorrowersTotal is a reported count, not deduplicated people across countries.

MfCentralPortfolioAtRiskReport: PrincipalOSAbove30 / reconciled PrincipalAmount; weighted by principal, never average branch percentages.

REPORT_FX_FILE: Only operator-verified local currency units per USD and source per month. Raw ForexRate=1 placeholders are not used.

Uganda 2026-08: verified monthly USD exchange rate unavailable.

Kenya 2026-08: verified monthly USD exchange rate unavailable.

Tanzania 2026-08: verified monthly USD exchange rate unavailable.

Zambia 2026-08: verified monthly USD exchange rate unavailable.

Uganda 2026-07: verified monthly USD exchange rate unavailable.

Kenya 2026-07: verified monthly USD exchange rate unavailable.

Tanzania 2026-07: missing or duplicate/invalid outstanding snapshot; metrics unavailable.

Tanzania 2026-07: PAR snapshot does not reconcile with branch principal; PAR unavailable.

Tanzania 2026-07: verified monthly USD exchange rate unavailable.

Zambia 2026-07: verified monthly USD exchange rate unavailable.

Dropout rate definition and source completeness are unverified.
